About Mitsui Chemicals India Forum 2023

This online event is to showcase the innovative solutions we can offer toward the social issues in India, such as reducing & reuse plastics, environmentally friendly chemicals, solar power, materials that can advance our daily life.

This event is informative not only from a business perspective but also to learn recent technologies on the subject matters. Each session is consisted of a video presentation and 10 minutes live Q&A session, so you can choose which session to join in and ask your questions during the presentation.

Wish this is the starting point for our long journey with you.
