#NEStartupConclave2024

Northeast Startup & Entrepreneurs Conclave

2024

Guwahati at Srimanta Sankaradeva Kalakshetra

March 27th – 28th 2024

About NECTAR

North-East Centre for Technology Application and Reach

NECTAR is an autonomous body, set up under the Department of Science and Technology, Government of India with an overall mandate to assist the NER for implementation of various schemes and project to meet technology delivery objective. The Centre ensures applications of appropriate technologies for the development of the North East. Technologies are being used in the areas of agro processing, biodiversity concerns, watershed management, telemedicine, horticulture, infrastructure planning and development, planning and monitoring using cutting edge mesh net solutions, employment generation etc. through utilisation of local products/ resources and associated skill development. The Centre acts as Solution Designer and Partnership Institution and is focusing on providing technology assistance to the State Government in North Eastern Region, particularly decision support systems. NECTAR aims to become the premier hub for the development, maintenance, and utilization of technology applications for public and social benefit; reaching out and spreading the advantages of technology to individuals, groups, organizations, and governments for fair and inclusive social and economic growth in our nation's northeastern region.

About Northeast Startup & Entrepreneurs Conclave 2024

NECTAR is organizing the Northeast Startup & Entrepreneurs Conclave 2024 with the aim to display the vibrancy of the Northeast startup ecosystem, bringing together stakeholders to unite investment, innovation, and connectivity.

COMPONENTS OF THE EVENT
